

# PRESS + PLAY

## Phoenix Art Space Festival of Print

Call out for expression of interest - Main Gallery

We are pleased to announce PRESS + PLAY our second annual Festival of Print, a five-week celebration of the finest in contemporary and traditional printmaking, including screen printing, linocut, lithography, drypoint, monotype, risograph, letterpress and more.

The group exhibition will take place in the Phoenix Art Space Main Gallery from the 12th November to 18th December 2022, with associated workshops, talks, demonstrations and a table top print fair.

### Exhibition Dates:

Install 8 - 10 Nov (you will be given a time to drop off your work on the 8th Nov)

Preview: 11 Nov, 6pm - 8pm.

Exhibition: 12 Nov - 18 Dec

Derig: 19 - 20 Dec (you will need to be available to collect your work on these dates)

**Cost:** Free hire of wall space. Included in the free exhibition space: invigilator on front of house and your work included on our online shop (Phoenix take a 35% commission on all work sold online and from the gallery).

### To include in expression of interest:

- Images - if new work to be made please include past works\*
- Brief statement about your work including print medium
- How many works to be shown\*
- Size of works
- How work is to be hung
- What size space you would need\* (maximum size space 3.5m wide)
- How work will be framed
- Prices (including Phoenix 35% commission)

### For Print Studios and Collectives please also include:

- How many artists will be showing in your group
- Brief statement about why you have chosen to show work together
- Include lead member of the group who will be curating the wall space and who will be our contact for correspondence (should be the same person).

**Deadline:** Submission deadline Monday 8th August 2022

**Next steps:** The submissions will be taken to a selection panel the week of the 15th of August, selection panel TBC.

We aim to give all feedback by the 31st of August 2022.

\*Ultimately to be decided by selection panel. Please note you may not get the exact wall size and amount of works submitted in your application.
